

## Ladders and trestles

### Holder/Supplier

## Hultafors Group AB (Wibe Ladders)

Box 38, 517 21 BOLLEBYGD

### Manufacturer

Hultafors AB, Nässjö

### Product name

According to Page 2-5 of this certificate.

### Product description

Ladders made of Aluminium and wood, in accordance with product list on Page 2-5 of this certificate. Technical documentation in accordance with the material supplied for RISE, file reference 7P03778, 7P05488, 8P02632, 9P03839, 9P06348, 9P09073, 2P04452, P103979.

### Certificate

RISE certifies, that products covered by this certificate fulfills the requirements in The Swedish Work Environment Authority's Statute Book AFS 2004:3 Ladders and trestles, (RISE certification rules SPCR 064), SS 2091 Edition 4 and EN 131 in accordance with the product list.

### Marking

The products shall be marked with the RISE Type Examination mark (example, see below), the number of this certificate, name/logotype of holder of the certificate or manufacturer, product name, type of ladder (according to SS 2091), year of manufacture (2 digits) and month (only for ladders) - alternatively serial number, and number of persons who may enter the product at the same time.

### Validity

This type examination certificate is valid not later than 2022-11-30.

### Miscellaneous

This type examination certificate replaces prior certificate with the same number. The certificate was originally issued 1998-12-14, by SP Technical Research Institute of Sweden, who during 2017 has changed its name to RISE Research Institutes of Sweden AB.

### Conditions

- Before each use, check that the ladder or trestle is properly erected /locked.
- The telescopic ladders must not be used in dirty jobs or dirty environments. Use in masonry, concrete work, painting or similar means that ladder will be difficult to clean. This can in turn lead to that the telescopic function is greatly impaired.
- If needed, ladders and trestles must be clearly and durably marked with user instructions when delivered to the user.

- Ladders that meet the requirements of EN 131 must be marked and be accompanied with user instructions in accordance with EN 131.

### **Miscellaneous**

This type examination certificate is valid for ladders made and supplied by the manufacturer as stated on the certificate, and of which the materials, dimensions and design/construction accord with those of the inspected material.
